4.2 Money Market Deposit (MMD) Account

This is an interest-bearing account from which withdrawals can be made in accordance with certain prescribed restrictions. Tiered interest rate is available on money market accounts based on the balances available in the account. The minimum deposit required for opening an account is the minimum daily balance requirement for the account which is tabled below. The daily minimum balances required to be maintained to avoid monthly service charges are as follows:

	Consumer Account	Business/ Associations
US Resident	\$2,500	\$50,000
Non-US Resident	\$25,000	\$ 100,000

A minimum balance service charge as listed in our “Schedule of Fees & Charges” in this Manual will be imposed every month if the balance in the account falls below the required minimum during any day of a calendar month. If the balance is less than the amount required to be deducted as service charge, the so available balance will be treated as service charges and the account may be closed forthwith, with notice to the customer at the last available address in our records. No overdraft is permitted under any circumstances in this account. Any check presented with insufficient funds will be dishonored. Service charges are listed in our “Schedule of Fees & Charges” in this Manual.

A Money Market Deposit Account for Non-US Resident consumer or business/association would be opened at the sole discretion of the Bank and as per its policy, either on the same terms and conditions as for U.S- resident customers or on mutually agreed terms and conditions.

Monthly service charges are listed in our “Schedule of Fees & Charges” in this Manual. Early closure fees will apply if you close your account within three months of opening.

Other Features of Money Market Deposit Accounts

a. **Interest Rate:** Tiered interest rate is available on MMD accounts based on the balances available in account. Interest rate on these accounts may vary from time to time. The Bank reserves the right to change the rate at any time. There is no limitation as to the percentage amount the interest rate may vary. You may visit our website <https://sbinewyork.statebank> or call (212) 521-3200 for information on the current rate of interest.

b. **Payment of Interest:** Interest will accrue on your day-end balance. Interest earned during the month will be credited to the account at the close of business on the last business day of the month and will be made available to you on the first business day of the following month. There is no minimum balance required to earn the stated annual percentage yield. For non-cash deposits made into your account (for example checks) interest begins to accrue no later than the business day we receive credit for the deposit of the non-cash items. If the account is closed during the middle of a month, accrued interest will be credited and paid. Accrued interest will be credited to your account prior to closing the same.

c. **Compounding Method:** Your Money Market Deposit Account earn simple interest on a 360 days' basis which accrues daily based on the end-of-the-day balance. The daily balance method will be used to calculate the interest on the account. This method applies a daily periodic rate to the principal in the account each day. Although interest accrues daily, you may not withdraw the earnings until the first business day of the following calendar month, when the same is credited into the account, provided the account is not closed. If not withdrawn, interest is added to and becomes part of the account balance. Since interest is added to your total account balance, any credited interest in the account is, effectively, compounded monthly.

d. **Annual Percentage Yield:** The annual percentage yield earned (APYE) for the statement period will be advised with each monthly statement account.

e. **Withdrawals:** A maximum of 6 transfers or withdrawals, or a combination of such transfers or withdrawals, are permitted during a calendar month or statement cycle of at least four weeks. For the purpose of this limit, preauthorized, automatic transfers (including but not limited to transfer from savings deposit for overdraft protection or for direct bill payments) and transfers and withdrawals initiated by telephone, facsimile, or computer and transfers made by check, debit card or other similar order made by the depositor and payable to third parties is included.

The following is indicative list of eligible non-limited transactions:

- Deposits
- ATM Cash withdrawals subject to daily amount limits and sufficient available funds in the account
- Withdrawals made in person or by mail at State Bank of India New York
- Transfers made in person at State Bank of India New York

The following is indicative list of transactions subject to the limit of (SIX) transfers:

- Checks, Point of Sale (POS) transactions or debit card purchases
- Automatic transfers to another deposit account at SBI, New York
- Automatic transfers to a third party or another institution
- Telephonic transfers including those initiated by phone call, fax, email through a Bank's representative
- Online banking transfers and bill payments

Should more than 6 (six) transfers or withdrawals which are subject to the limit, be effected in a month in an MMDA account, an excess check writing fee of \$5.00 per excess check or transfer will be levied. Further, if the customer continues to violate the prescribed limit repeatedly, we shall send a letter to the customer, notifying him/her of the violation and also of our policy for reclassifying the account as Checking Account. In case the customer is not agreeable for reclassification, the account will be closed. The Bank reserves the right to enforce this clause if prescribed limits are violated in three consecutive months. We also reserve the right to refuse any transaction(s) which exceed the permissible limit. We are required by law to reserve the right of 7 days' advance notice before permitting a withdrawal. However, we do not currently exercise this right.

4.3. CERTIFICATE OF DEPOSIT ("CD")

A CD earns a fixed rate of interest when an amount of money (principal) is left on deposit with the Bank for a fixed period (a fixed number of days, months or years). After an account is opened, you may not make deposits into or withdraw from this account until the maturity date. Premature withdrawal of principal would attract a penalty. Refer to "Penalty for Early Withdrawal of Principal" (Section f). We offer CDs with maturities from 3 months to 5 years. Bank also accepts deposit for a tenor from 7 days to less than 3 months on a case to case basis.

a. **Interest Rate:** The interest rate earned on a Certificate of Deposit will be a guaranteed fixed rate for the term of the CD. This rate is determined by the Bank, based on market conditions, at the time the account is opened or renewed. Presently we are not offering floating rate Certificate of Deposits. For current rate information, you may visit our website <https://sbinewyork.statebank> or call 212-521-3390.

b. **Annual Percentage Yield (APY):** Our Certificates of Deposit are offered on simple interest (also called non-cumulative interest) and compound interest (also called cumulative interest) basis, depending upon your choice. For CDs with simple interest, there will not be any difference in the interest rate (also called Annual Percentage Rate, or APR) and the Annual Percentage Yield (APY). For CDs where interest is compounded, the Annual Percentage Yield measures the total amount of interest paid on the account in a year based on the interest rate and the frequency of compounding, which is quarterly. The interest is calculated on a 365 days basis.

c. **Compounding Period/Payment of Interest:** If you choose to receive simple interest (non-cumulative) on your CD, you may opt to withdraw the interest at monthly/quarterly/half-yearly intervals, at the time of opening or renewing the CD, provided the deposit is for one year or more. For CDs of less than six months, the simple interest is paid at maturity. If you choose to receive compounded interest on your CD, interest will be compounded at quarterly intervals and will be paid along with the principal at the time of maturity. This option is only available for CDs of six months or higher maturities.

d. **Interest Payment Method:** When opening the CD, you may opt to receive the periodic interest payments by any one of the following:

- Through ACH/Wire transfer to your designated bank account
- By an official check through regular mail
- In your Checking or Money Market Deposit Account with us.

If you opt to receive compounded interest (cumulative), we will pay you interest along with the principal at the time of maturity of the CD.

e. **Minimum Balance Requirement:** The minimum amount required for each CD may vary for US resident depositors and those based outside the USA. It may also vary for consumer and accounts of businesses. Currently, the following are the minimum balances:

Type	US Resident	Non-US Resident
Consumer accounts	\$5,000	\$10,000
Accounts of Businesses	\$10,000	\$10,000

f. **Early Withdrawal Penalty:** The principal amount of CD cannot usually be withdrawn before the maturity date, unless the Bank consents to the withdrawal as a special case. We may require that all holders of a joint account authorize a premature withdrawal of the principal from a CD account. Partial withdrawal is not permitted. The penalty for early withdrawals of CD is as follows:

Term of Deposit	No of Days for which Interest will be recovered
14 days	14 days
1 month to less than 1 year	30 days
1 year to less than 3 years	60 days
3 years to less than 5 years	120 days
5 years & over	180 days

The penalty will be calculated at the same interest rate of the deposit. A penalty will not be charged if the premature withdrawal is caused by the death of the depositor or if the depositor is declared legally incompetent.

g. **Principal Protection:** SBI New York Certificate of Deposit comes with “Principal Protection” feature. The penalty for early withdrawal would be limited up to the amount of interest paid / payable and will not result in reduction of the amount originally deposited.

h. **Renewal:** If your CD is for a term of more than 30 days, we will send you a maturity notice not less than 14 days and not more than 30 days prior to the maturity date. No maturity notice will be sent for Certificate of Deposit with term of 30 days or less.

If we do not hear from you, and unless you had specifically advised us against automatic renewal when you opened the CD,

1. We will automatically renew the CD (principal and earned interest) for a period of one year at the rate offered for one year term on the date the CD matured for CDs having maturity of 1 year or more.
2. For CDs of lower tenor, the CD shall be auto-rolled over for original tenor.

In the absence of your instruction for disposal of the maturity proceeds (where automatic renewal option has been declined), the maturity amount will be placed in a non-interest bearing account.

CDs that were automatically renewed have a ten-calendar-day grace period (including the date of maturity). During the grace period, you may withdraw the amount of your deposit without incurring a premature withdrawal penalty. However, no interest will be paid from the date of maturity until the date of such withdrawal. If you choose to renew your deposit, during this grace period of 10 days, from a date later than the date of maturity, no interest will be paid from the date of maturity until the date of such renewal. Please, however, note that written instructions for withdrawal should be received by us within the grace period. The instructions will be accepted through Secured Messaging on Internet Banking Portal/Mail/In person visits to the Bank. CDs that mature on Saturdays, Sundays or Federal holidays will be available for withdrawal on the next business day and interest will be paid until the maturity date. CDs may not be negotiated or transferred to another individual or corporation.

b. **Annual Percentage Yield (APY):** Senior Citizen Certificate of Deposit is offered on simple interest (also called non-cumulative interest) and compound interest (also called cumulative interest) basis, depending upon your choice. In case of simple interest, the Annual Percentage Rate (APR) and Annual Percentage Yield would be the same. In case of compound interest, APY measures the total amount of interest paid on the account in a year based on the interest rate and the frequency of compounding is quarterly. The interest is calculated on a 365 days basis.

c. **Compounding Period/Payment of Interest:** If you choose to receive simple interest (non-cumulative) on your CD, you may opt to withdraw the interest at monthly/quarterly/half-yearly intervals, at the time of opening or renewing the CD. If you choose to receive compounded interest on your CD, interest will be compounded at quarterly intervals and will be paid along with the principal at the time of maturity.

d. **Minimum Balance Requirement:** The minimum amount required for each CD will be USD 25,000. There is no maximum limit under the product.

5 years & over	180 days

The penalty will be calculated at the same interest rate of the deposit. A penalty will not be charged in case the withdrawal is caused by death of the depositor or if the depositor is declared legally incompetent.

If we do not hear from you, and unless you had specifically advised us against automatic renewal when you opened the CD, we will automatically renew the CD after 10 calendar days, under the same product for a period of one year at the rate offered for one year term on the date the CD matured. In the absence of your instruction for disposal of the maturity proceeds (where automatic renewal option has been declined), the maturity amount will be placed in a non-interest bearing account. CDs that were automatically renewed have a ten-calendar-day grace period (including the date of maturity). During the grace period, you may withdraw the amount of your deposit without incurring a premature withdrawal penalty. However, no interest will be paid from the date of maturity until the date of such withdrawal. If you choose to renew your deposit, during this grace period of 10 days, from a date later than the date of maturity, no interest will be paid from the date of maturity until the date of such renewal. Please, however, note that written instructions for withdrawal should be received by us within the grace period. The instructions will be accepted through Secured Messaging on Internet Banking

e. Endorsements: All checks deposited by you must be signed on the reverse with your name clearly written. We may refuse to accept checks with two payees, or a check whose collectible nature is in doubt. It is necessary for you to endorse a check correctly on the area reserved for your signature, on the reverse of the check. The remaining area must be left blank for processing purposes. The Bank will not be liable for any loss on account of improperly endorsed checks. The Bank shall not, as a policy or general practice, refuse to accept a check as a deposit made with a teller by an account holder for the sole reason that it contains two endorsements. However, this policy shall not prevent the Bank from requiring the approval of an officer or manager as a condition of accepting a check with two endorsements for deposit or from refusing to accept a deposit of a check with two endorsements that is not made with a teller.

e. Withdrawals: When writing checks on your Checking or Money Market Deposit Account, please ensure that:

- The amount is stated in US dollars;
- The amount is within the available balance in your account. The available balance in your account may be affected because of other transactions, including debit card transactions. The Bank reserves the right to pay a stale check, i.e., a check more than 6 months old.

Checks up to \$3,000, written by you on your Checking Account or Money Market Deposit Account to another person as payee, will be paid to that person when he/she presents suitable identification. For checks over \$3,000 the Bank reserves the right to ask a payee to deposit the check in a bank account, unless you have made a prior written request that we cash the check and we have agreed to your request.

h. Stop Payment Order: Any one of the account holders can instruct us in writing to stop payment on any check unless it has already been paid. In respect of a certified check or cashier's/official check, the remitter or payee can instruct us, at any time up to 90 days from the date of issue, for reasons such as instrument destroyed, lost or in wrongful possession of an unknown person, or a person that cannot be found or is not amenable to service of process, if the check has not already been paid.

You can also stop check online through "YONO US Portal" by using your login credentials. The maximum number of checks in a range which can be stopped in single attempt is 10. The charges shall be as enumerated in "Schedule of Fees & Charges".

With respect to transactions done involving a debit card, generally, the Bank is not permitted to allow a debit cardholder to cancel a hold within MasterCard limits for Transactions that were authorized by the Card Holder but the cardholder is permitted to cancel, or place a stop payment, on a pre-authorized transaction scheduled to occur at regular intervals, such as a monthly utility payment or loan installment. Before requesting the Bank to stop a recurring payment, the Card Holder should take up with the merchant/ beneficiary for cancelling/ stopping such payment. The Bank may require details of such request made to the merchant/ beneficiary for acting upon Card Holder's request. The Card Holder must give the Bank written instructions to cancel or stop such a payment at least three (3) days prior to the scheduled debit.

The stop order takes effect when it is recorded on your account. While instructing us to stop payment of any check, please give us the check number, the amount, the date of issue and the name of the beneficiary in case of a pre-authorized recurring transaction, we will need the amount, the scheduled date of debit, name of the beneficiary and mode of transaction viz ACH or Debit Card. In the absence of complete and correct particulars, the stop order would be ineffective. If we fail to stop a payment and if you have requested us well in time and with all the particulars as detailed above, we will be liable for your losses or damages, limited to the amount of that check.

An oral order is binding upon the Bank only for three (3) days unless confirmed in writing within that period. A written order will remain effective unless cancelled in writing.

If you apply for a duplicate official check or a refund within 180 days of the date of the check, the Bank would require you and the payee to jointly sign an affidavit of loss and indemnity, referred to as Indemnity Agreement. You may also be required to submit a Surety Bond for twice the amount of the instrument or to place sufficient funds as security with us. After 180 days, an affidavit of loss and indemnity alone may suffice.

A fee (see "Schedule of Fees & Charges") will be charged for each stop payment request.

- i. **Your Records:** Your cancelled check(s) or substitute check(s), copies of special withdrawal form(s) and acknowledgment(s) on deposit slip(s) are your records. The cancelled checks or substitute checks for non-U.S. based accounts will normally be retained by the Bank.
- j. **Statement of Account:** Both Checking and Money Market Deposit Accounts are statement accounts. For all active statement accounts (that is, accounts which are not inactive or dormant as explained in Section 5.2) at least once in a calendar month, we will send a statement showing all account activities during the previous statement period. This statement will indicate your balance on the statement date and will give you an itemized, date-wise listing of all credits, all paid checks/ transfers, transactions put through using the linked debit card, interest earned, and any maintenance and service charges levied. It will also indicate the annual percentage yield earned (APYE) in effect during the period, if the account is interest bearing. All statements will be mailed to the last address known to the Bank by regular mail. For additional statements and other modes of sending statements, charges will be extra. No periodic account statements will be sent on CD accounts. Statements of Account are not available online, however, you may view the transactions online through internet banking.

If we do not hear from you within this period, we will assume that the statement is correct. Failure to examine your monthly statement and not reporting discrepancies to the Bank may also adversely affect your legal rights. For example, if you fail to notify us promptly on a forged check, you may lose your right to be reimbursed for a similar

forgery, should one occur later. The Bank shall have the right to debit your accounts to recover any funds erroneously credited and to make good any shortfall from any other account you may have with us. Your accounts could be debited for any improper Government payments received by the Bank. If there is still a shortfall, you agree to repay us the amount owing. Interest paid on the erroneous credit will also be recovered. Further the Bank shall have right to recover funds from you if your account does not have sufficient funds to honor a pre-approved transaction done at a Merchant Establishment using your debit card or on account of other such transactions done using your debit card. IMPORTANT INFORMATION ABOUT SUBSTITUTE CHECKS AND YOUR RIGHTS

What is a substitute check?

To make check processing faster, federal law permits banks to replace original checks with "substitute checks." These checks are similar to original checks with a slightly reduced image of the front and back of the original check. The front of a substitute check states: "This is a legal copy of your check. You can use it the same way you would use the original check." You may use a substitute check as proof of payment just like the original check. Some or all of the checks that you receive back from us may be substitute checks. This notice describes rights you have when you receive substitute checks from us. The rights in this notice do not apply to original checks or to electronic debits to your account. However, you have rights under other law with respect to those transactions.

What are your rights regarding substitute check?

In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account (for example, if you think that we withdrew the wrong amount from your account or that we withdrew money from your account more than once for the same check). The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that were charged as a result of the withdrawal (for example, bounced check fees).

The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You also are entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other law.

If you use this procedure, you may receive up to \$2,500 of your refund (plus interest if your account earns interest) within 10 business days after we received your claim and the remainder of your refund (plus interest if your account earns interest) not later than 45 calendar days after we received your claim.

We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account.

How can you make a claim for a refund?

If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact us by phone at (212)521-3286/3318 or by postal mail at our mailing address. You must contact us within 40 calendar days of the date that we mailed (or otherwise delivered by a means to which you agreed) the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We may extend this time period if you were not able to make a timely claim because of extraordinary circumstances.

Your claim must be made in writing on the prescribed form, be signed by you and include:

A description of why you have suffered a loss (e.g. you think the amount withdrawn was incorrect);

An estimate of the amount of your loss;

An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and

A copy of the substitute check [and/or] the following information to help us identify the substitute check: (identifying information, for example the check number, the name of the person to whom you wrote the check, the amount of the check). [Both a legible copy of the substitute check and the details are preferred for an early response from the Bank]

5.2 Inactive Accounts / Dormant Accounts

An account in which there has been no transaction for 2 years is considered inactive and an account in which there has been no transaction for 3 years is considered dormant. An account in which there has been no activity or written correspondence from the account holder for three consecutive years is considered an abandoned property under New York State Law. This period may vary for other states in the United States. For any account that is owned by residents of other states, the state law may require escheatment of abandoned property in accordance with its own reporting requirements. For non-U.S. customers, New York State Law will apply.

No debits are permitted in inactive/ dormant accounts unless the account is activated by the customer. The process of account activation is given below:

You are required to submit signed Customer Information Update form for activating inactive/dormant accounts. All activation requests should be accompanied with valid ID document, address proof and relevant documents. Account activation requests may be submitted in Branch, mail or sending signed request through online banking application / mobile banking application. Upon receipt of your request, we will call your registered number to confirm the details given in your request. In case we are unable to reach you we will put your request on hold and inform you through email. Incomplete requests, requests received without requisite documents will not be accepted for activation. During the update of your information and activation process, bank will process a one cent entry (debit/credit transaction) in your account.

CDs that renew automatically are deemed abandoned when there is no depositor contact for three years after the first maturity date following the last depositor contact. Funds in abandoned accounts are required to be turned over to the State (i.e., escheated). Information about property escheated to the State of New York may be obtained from the Office of the State Comptroller (<https://www.osc.state.ny.us>) or by calling from within New York State: 1-800-221-9311 or from outside of New York State: 1-518-270-2200 or by writing to the Office of the State Comptroller at the Alfred E. Smith Office Building, Albany, New York 12236. At your request, we will provide you with

the required data to process your claim. Before surrendering the funds to the State of New York, we will notify you at your last recorded address and may also publish a notice in a newspaper in New York, if required by law.

5.3 Interest Withholding Tax: Interest owing to you could be subject to backup withholding if you have not given the Bank proper identification or forms or if otherwise required by IRS. FATCA withholding/ interest withholding will also apply if a foreign entity/ consumer does not re-certify. For current information, please contact your tax advisor or refer to the IRS website (<https://www.irs.gov>).

5.4 Interest Reporting: We are required by law to report to the Internal Revenue Service, all interest of \$10 or more earned by you during a calendar year. At the beginning of the calendar year, we will advise you on Form 1099 or Form 1042 (NRA customers), the total amount of interest credited /paid during the previous year, any amount withheld and any interest penalty due to early withdrawal. Interest will be reported for tax purposes in the name and Social Security Number (SSN) or Employer Identification Number (EIN) of the primary depositor, i.e., the first name on the account in case of a joint account. If such first account holder does not have SSN or EIN, interest reporting will be done on the subsequent account holder who has SSN or EIN.

5.5 Restricted Access to Accounts: Restrictions may be placed on accounts assigned as collateral for the Bank's loan to you or where you are a co-obligor. Such accounts, if interest bearing, will, however, continue to earn interest. If all or parts of your deposits are attached in connection with a legal action, such attached funds would be kept separately and would earn no interest, nor will such accounts be considered as part of the balance for determining service charges. Your deposits may also be seized by the United States Government or a state government. No interest would be payable even if such funds are subsequently returned to you.

5.6 Accounts of Deceased Persons:

In the event of death of a depositor, bank will be guided by the instructions given by the account holder as per the DOB (Designation of Beneficiary) form. It is the Bank's policy that it can only accept Designations where all beneficiaries have equal shares and each Beneficiary will be an adult (as defined by New York Law). In the event a Beneficiary pre-deceases the Account Holder(s) the surviving Beneficiaries will be entitled to an equal share of the balance of the Account. A new beneficiary form must be created if the account number is changed. The Bank shall have no liability or responsibility whatsoever, for any claims arising from the Bank's actions, and the Bank shall be fully indemnified for any and all losses, damages, costs, etc. The Designation of Beneficiary form will be effective from the date State Bank of India receives all relevant information required by the form and will supersede any previous Designation of Beneficiary that you might have made. 8. FUNDS AVAILABILITY:

An understanding of funds availability will help you to manage your money more easily and avoid the inconvenience of a returned check or a withdrawal request that cannot be honored. Our policy is to make funds you deposit into your SBI account(s) available for withdrawal based upon the type of deposit or check. The funds are made available within the period of time specified by federal regulations.

a. How Can You Tell When Your Deposit Will Be Available?

You can use the chart in this Manual to tell when your deposit will be available. To use this chart, first read the following questions and answers.

b. What is the Day of Deposit?

For determining the availability of your deposits, every day is a business day except Saturdays, Sundays, and Federal holidays. If you make a deposit before 4:00 pm (cash services available until 3:00 pm EST) on a business day that we are open, we will consider that day to be the day of your deposit. If you make a deposit after that time, we will consider that the deposit was made on the next business day that we are open.

c. Are You a New SBI Customer?

If you have been banking with SBI for 30 days or less, you are considered a new customer and special rules apply to you regarding funds availability.

d. What is the Type of Deposit?

The hold period or the number of days applicable for making available the funds depends on the type of deposit you make (such as a check drawn on the Bank, a check drawn on another bank/branch, or cashier's check).

e. What Items are Available on the Same Day?

Cash deposits made up to 3:00 pm and checks drawn on any US offices of the Bank and Official, Certified, Cashier's and Teller's checks will be made available on the day of the deposit into the account.

f. What Items are available on the Next Day?

Direct deposits such as social security, funds received through CHIPS and Fedwire, U.S. Treasury checks, Federal Reserve Bank checks, Federal Home Loan Bank checks, U.S. Postal Money Orders, State and Local Government checks, and Travelers checks will be available on the first business day after the day of deposit, provided the checks mentioned above are made payable to the account holder.

g. What about Other Check Deposits?

Effective July 1, 2020 revisions to our Funds Availability Policy have been implemented in accordance with changes to federal regulation. Our policy is to make funds from your cash and check deposits available to you on the first business day after the day we receive your deposit.

The amount we make available for withdrawal by checks not subject to next day availability has been revised from \$200 to \$225. In some cases, we will not make all the funds you deposited by check available on the first business day after the day of your deposit. Depending on the type of check deposited, funds may not be available until the second business day after the day of your deposit.

The amount available for withdrawal on exception holds for large deposits, new accounts and the amount for determining a repeat overdraft have been increased from \$5,000 to \$5,525. Funds deposited by check of more than \$5,525 on any one day may be delayed for a longer period.

Please use this chart to know when your deposited funds will be available to you (*Please also carefully read the exceptions following this chart*):

Sl. no.	Deposit Type	When Funds are available	Available if the day of deposit is a Monday and assuming no intervening federal holidays

h. Exceptions to the Availability Schedules in the Chart

New Accounts: For the first 30 calendar days after your account has been opened, any check covered by item 3 of the chart will be available to you on the 8th business day after the day of the deposit.

Other Exceptions: Funds availability in respect of item 3 of the chart may be delayed beyond the time periods specified for their normal availability for any of the following reasons:

- If you redeposit a check that has been returned unpaid for insufficient funds.
- If you deposit checks totaling more than \$5,525 on any one business day. This exception can also be invoked for checks covered in item 2 of the chart.
- If you have repeatedly overdrawn your account in the last 6 months, i.e., (i) on six or more business days on which we were open during the last 6 months or (ii) on two or more business days on which we were open during the last 6 months with an overdraft equal to or exceeding \$5,525 each time. For this purpose, your account will be considered overdrawn even if checks issued by you, which would have resulted in an overdraft of \$5,525 or more, had they been paid, were actually returned unpaid.
- There is an emergency such as a failure of communications, or computer equipment, or war, or suspension of payment by another bank.
- Funds availability in respect of FRB and Federal Home Loan Bank checks, certified, cashier's, teller's and official checks, as well as in respect of item 3 of the chart, may be delayed beyond the time periods specified for their normal availability, if we believe that a check deposited for credit of your account will not be paid.

We should normally be able to facilitate withdrawals against the deposits made by you in the timeframe mentioned above. If we are not able to do so due to some reason, we shall advise you:

- Immediately on your placing the deposit, if you placed the deposit in the Bank at our counter and are still there;
- By mail, one day later, if it was not done directly or if we took the decision after you left the premises; or
- If we came to know of handicaps/defects subsequently, by mail, one day after our coming to know of such handicaps.

Generally, funds should be available no later than five business days from the day of their normal availability unless an emergency condition arises which makes availability unknown.

Our Right to accept or Reject a Check for Deposit: Our aforesaid policy and schedules do not affect our right to accept or reject a check for deposit.

Policy Changes: We will notify you of any policy changes which may affect the time it takes to clear checks.

f. **Transfer types and Limitations:** The Card is accepted at all electronic chip enabled Point-of-Sale (POS) terminals at stores and vendors (Merchant Establishments) displaying MasterCard or STAR logos. The Card is accepted at STAR Network ATMs and may be accepted at ATMs operated by other banks or financial institutions. The Card may be used to make purchases at an electronic chip enabled Point-of-Sale terminal, to pay bills directly by telephone, internet, or other means, or to make other such electronic transfers from an account. The Card may be used to withdraw cash from the Account, transfer funds between Accounts, and obtain Account balance information. Card Holder is entitled to receive a receipt of ATM Transactions containing sufficient information to identify the transaction and the terminal used. You cannot deposit cash or checks at ATMs. The Bank will have no liability if you deposit cash or checks at an ATM.

g. **Daily Use Limits:** A Card Holder may use the Card to make purchases up to \$2000.00 per day at Merchant Establishments or such other limits as the Bank may establish from time to time. The Bank may lower these limits in case of a technical failure. A Card Holder may withdraw up to \$1000.00 per day at ATMs. The Bank reserves the right to lower this limit in case of a technical failure.

h. **Debit-card clearing:** Debit-card Transactions may clear the Account differently than checks and traditional ATM card transactions. Because these transactions clear differently, the Card Holders should take care to keep an accurate register and monitor the Account's balance for pending transactions and cleared transactions in order to avoid unwanted fees and other items being returned.

i. **Available balance:** Each time the Card Holder uses the Card, a hold is immediately placed on funds in the account, reducing the available balance to pay checks and other debits that are presented to the Bank for payment.

j. **Holds on the account:** Typically, debit-card transaction "holds" are for the amount of the actual purchase, but in some instances, they may be for a different amount as MasterCard's rules permit "authorization" holds based upon an estimated amount of the transaction, and, in some instances, may include additional amounts authorized under MasterCard's rules. The Card Holder agrees that such a "hold" may be placed on his account/accounts in the amount authorized. These authorization holds can affect the Card Holder's available balance for other transactions. The amount of your available balance will be decreased by the amount of the "hold" for as long as the "hold" is in effect. This means that funds on "hold" will not be available for withdrawal, transfer or payment. In each instance, the Card Holder is responsible to the Bank for the amount that the Bank settles based upon either the placed-hold limits or the final amount presented and settled. The Card Holder will remain responsible to the Bank for settlement of all pre-authorized transactions even if such transactions come after the hold is removed. This is another reason that the Card Holder should take care to keep an accurate register and monitor the Account's balance for pending transactions and cleared transaction to ensure that sufficient funds are in the Account at all times.

k. **Overdraft on Account of Pre-authorized Transactions:** Please note that while the Bank does not provide any overdraft facility on your debit card transactions, the Bank shall have right to recover funds from you if your account gets over-drawn because the Bank has settled a preauthorized transaction done at a Merchant Establishment using your debit card or on account of other such transactions done using your debit card. You agree that you will remain responsible to the Bank for the amount by which your account is overdrawn. Any two occurrences of your account having non-

sufficient funds to cover a pre-approved/ authorized debit card transaction will lead to closure of your account and cancellation of the linked debit card facility.

l. Cancellation of Merchant debit-card authorizations: Generally, the Bank is not permitted to allow the Card Holder to cancel a hold within MasterCard limits for Transactions that were authorized by the Card Holder. If, however, the Card Holder suspects that a Transaction was fraudulent or otherwise unauthorized, the Card Holder should contact the Merchant and the Bank for possible ways to chargeback the debit. Please see the Error Resolution Procedures in subsequent paragraphs for more information.

m. Notice Regarding Money Market Deposit Accounts: If the Account is a Money Market Deposit Account, certain limitations on transactions apply. A maximum of 6 transfers or withdrawals, or a combination of such transfers or withdrawals, are permitted during a calendar month or statement cycle of at least four weeks, including transfers or withdrawal by check, ACH to third parties, and/or Debit Card transactions with Merchant Establishments. However, any number of the following transactions using the Debit Card at an ATM are permitted: transfers of funds between your own Accounts held with the Bank and balance inquiries.

n. International Transactions: Additionally, Card Holders may use the Card at ATMs and Merchant Establishments in U.S. and India. Any transaction done in INR will be converted to U.S. dollars. The exchange rate is established by MasterCard and not the Bank. The use of the Card may also be restricted with respect to certain foreign countries as required by U.S. laws and regulations. Any offer or option for exchange rate given by any ATM machine is no way related to SBI NY Branch and they are offered by local ATM service provider. Your account will be debited based upon the option selected by you.

o. Fees: The Bank provides the Card at no charge, subject to such charges as Bank may make from time to time with advance notice as provided by law. When you use an ATM not owned by us, you may be charged a fee by the ATM operator and you may be charged a fee for a balance inquiry even if you do not complete a fund transfer. **Cash withdrawals and balance inquiries may be subject to a fee (if used outside the STAR Network) and will be debited to the Account at the time of such transactions** but will be credited back to your account by the Bank subject to Bank's policy.

p. ATM Safety: The Bank urges Card Holders to use caution when using the Card at an ATM:

- Be aware of surroundings, especially at night. Look for well-lit ATMs, and do not use an ATM if any suspicious surroundings are observed.
- Have the Card and any other materials necessary for the Transaction ready before approaching the ATM. Do not search through a purse or wallet at the ATM.
- Secure cash immediately upon removal from the ATM. Count the cash later in the safety of a vehicle or home.
- Remember that activity at ATMs is recorded by a surveillance camera.
- When using an ATM vestibule, close the entry door immediately upon entering and exiting. Do not permit unknown persons to enter after regular banking hours. Complaints concerning security of an ATM should be directed to the security department of the bank operating the ATM, the New York State Department of Financial Services, or other governing agency.

q. Unauthorized Transactions:

Tell us at once if you believe your Card has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission. Telephoning is the best way of keeping your possible losses down. If you tell us within 2 business days after you learn of the loss or theft of your Card, you can lose no more than \$50 if someone used your Card without your permission.)

If you do NOT tell us within 2 business days after you learn of the loss or theft of your Card, and we can prove we could have stopped someone from using your Card without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers that you did not make, including those made by card, code or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

A Lost or Stolen Card may be reported by contacting: 1-800-523-4175. This toll-free number is available 24-hours a day. 3.Activation: Prior to first use the Card must be activated through the Voice Response Unit (VRU) utilizing the telephone number listed in the sticker attached to the new Debit Card. If the card has not been activated within a period of 60 days from date of issue, the Bank shall “warm” the card (temporary deactivation of card). The warmed cards shall be activated by the branch on specific request of the cardholder through mail/registered email address of the cardholder/Online banking & Mobile banking secure message.

4.PIN Security: The PIN is the Card Holder’s electronic signature. It shall be kept confidential. The Card Holder should memorize the PIN, and a written record of the PIN should not be kept in any form or disclosed to a third party. The security of the PIN is the Card Holder’s responsibility.

5.Funds: The Card Holder will maintain sufficient funds in the Account as necessary to cover any transactions at the time they are initiated. The Card Holder should not use or attempt to use the Card without sufficient funds in the Account. In the event of payment/debit made in excess of the balance available in the Account, Card Holder will be responsible to the Bank for the amount of any transaction completed and will also be responsible to the Bank for the Service Fee disclosed in the Customer Manual for a check returned or paid against insufficient or unavailable funds. Please see the Customer Manual for a Schedule of Fees and Charges.

6.Periodic Statements: Periodic Statements of the Account will be sent to the Card Holder as provided in the Customer Manual.

7.Expiration/Renewal: The Card is valid up to the last day of the month/year indicated on the Card. A renewal Card shall be sent by the Bank before the expiry of the Card at the discretion of the Bank. The Bank reserves the sole right of renewing the Card Account on expiry. The Card Holder is responsible for destroying the expired Card. Unless we are notified in writing otherwise, re-issued cards will be sent to your last known address according to the records of the Bank.

8.ATM Use: The Debit Card can be used in USA and India. Please contact us and in case you wish to use your card in any other country. You are required to submit a signed request before for allowing transactions in countries except US and India. Bank reserves the right to allow or decline such requests due to regulatory and policy considerations. The Card is accepted at STAR Network ATMs and may be accepted at ATMs operated by other banks or financial institutions.

The Card may be used to withdraw cash from the Account, transfer funds between Accounts, and obtain Account balance information. Card Holder is entitled to receive a receipt of ATM Transactions containing sufficient information to identify the transaction and the terminal used. You cannot deposit cash or check at ATMs. The Bank will have no liability what so ever if you deposit cash or check at an ATM. **Cash withdrawals and balance inquiries may be subject to a fee (if used outside the STAR Network) and will be debited to the Account at the time of such transactions** but will be credited back to your Account by the Bank. A Card Holder may withdraw up to \$1000.00 per day at ATMs. The Bank reserves the right to lower this limit in case of a technical failure.

9. Debit Card Use with Merchants: The Card is accepted at all electronic Point-of-Sale (POS) terminals at stores and vendors (Merchant Establishments) displaying MasterCard or STAR logos. The Card may be used to make purchases at a chip enabled electronic Point-of-Sale terminal, to pay bills directly by telephone, internet, or other means, or to make other such electronic transfers from an Account.

a) Daily Use Limits: A Card Holder may use the Card to make purchases up to \$2000.00 per day at Merchant Establishments or such other limits as the Bank may establish from time to time. The Bank may lower these limits in case of a technical failure.

b) Debit-card clearing: Debit-card Transactions may clear the Account differently than checks and traditional ATM card transactions. Because these transactions clear differently, the Card Holder should take care to keep an accurate register and monitor the Account's balance for pending transactions and cleared transactions in order to avoid unwanted fees and other items being returned.

c) Available balance: Each time the Card Holder uses the Card, a hold is immediately placed on funds in the Account, reducing the available balance to pay checks and other debits that are presented to the Bank for payment.

d) Hold on the Account: Typically, debit-card transaction "holds" are for the amount of the actual purchase, but in some instances, they may be for a different amount as MasterCard's rules permit "authorization" holds based upon an estimated amount of the transaction, and, in some instances, may include additional amounts authorized under MasterCard's rules. The Card Holder agrees that such a "hold" may be placed on his Account/Accounts in the amount authorized. These authorization holds can affect the Card Holder's available balance for other transactions. The amount of your available balance will be decreased by the amount of the "hold" for as long as the "hold" is in effect. This means that funds on "hold" will not be available for withdrawal, transfer or payment. In each instance, the Card Holder is responsible to the Bank for the amount that the Bank settles based upon either the placed-hold limits or the final amount presented and settled. The Card Holder will remain responsible to the Bank for settlement of all pre-authorized transactions even if such transactions come after the hold is removed. This is another reason that the Card Holder should take care to keep an accurate register and monitor the Account's balance for pending transactions and cleared transaction to ensure that sufficient funds are in the Account at all times.

e) Overdraft on Account of Pre-authorized Transactions: Please note that while the Bank does not provide any overdraft facility on your debit card transaction, the Bank shall have right to recover funds from you if your Account gets over-drawn because the Bank has settled a preauthorized transaction done at a Merchant Establishment using your debit card or on account

of other such transactions done using your debit card. You agree that you will remain responsible to the Bank for the amount by which your Account gets overdrawn. Any two occurrences of your Account having non-sufficient funds to cover a pre-approved/ authorized debit card transaction will lead to closure of your Account and cancellation of the linked debit card facility.

f) Cancellation of Merchant debit-card authorizations: Generally, the Bank is not permitted to allow the Card Holder to cancel a hold within MasterCard limits for Transactions that were authorized by the Card Holder. If, however, the Card Holder suspects that a Transaction was fraudulent or otherwise unauthorized, the Card Holder should contact the Merchant and the Bank for possible ways to chargeback the debit. Please see the Error Resolution Procedures in subsequent paras for more information.

10.Cancellation of pre-authorized Transactions scheduled at regular intervals: While a Card Holder is generally not permitted to cancel Debit Card Transactions and holds, the cardholder is permitted to cancel, or place a stop payment, on a pre-authorized transaction scheduled to occur at regular intervals, such as a monthly utility payment or loan installment. Before requesting the Bank for stopping a recurring payment, the cardholder should take up with the merchant/ beneficiary for cancelling/ stopping such payment. The Bank may require details of such request made to the merchant/ beneficiary for acting upon Card Holder's request. The Card Holder must give the Bank written instructions to cancel or stop such a payment at least three (3) days prior to the scheduled debit. The stop payment instruction should be accompanied with a letter of indemnity signed by the Account holder/ Card Holder. The stop order takes effect when it is recorded on your Account. In case of a pre-authorized recurring transaction, we will need the amount, the scheduled date of debit, name of the beneficiary. In the absence of complete and correct particulars, the stop order would be ineffective. If we fail to stop a payment and if you have requested us well in time and with all the particulars as detailed above, we will be liable for your losses or damages. An oral order is binding upon the Bank only for fourteen days unless confirmed in writing within that period. A written order is effective for only six months unless renewed/cancelled in writing. You may inquire about the status of a pre-authorized transaction by calling us on 212-521-3342 on a business day and during the business hours. A fee of USD 10.00 will be charged for each stop payment request made.

Notice Regarding Money Market Deposit Accounts: If the Account is a Money Market Deposit Account, certain limitations on transactions apply. A maximum of 6 transfers or withdrawals, or a combination of such transfers or withdrawals, are permitted during a calendar month or statement cycle of at least four weeks, including transfers or withdrawal by check, ACH to third parties, and/or Debit Card transactions with Merchant Establishments. However, any number of the following transactions using the Debit Card at an ATM are permitted: cash withdrawals; transfers of funds between your own Accounts held with the Bank; and balance inquiries.

11.International Transactions: Additionally, Card Holders may use the Card at ATM and Merchant Establishments in countries other than the U.S. and India, if so permitted by the Bank, and in currencies other than U.S. Dollars. The Transaction will be converted to U.S. dollars. The exchange rate is decided by MasterCard and not the Bank. The use of the Card may be restricted with respect to certain foreign countries as required by U.S. laws and regulations.

Fees: The Bank provides the Card at no charge, subject to such changes as Bank may make from time to time with advance notice as provided by law. In some instances, there may be charges imposed by ATMs operated by other banks and financial institutions.

Business Days: The Bank's business days are Monday through Friday, 9:00 a.m. to 4:00 p.m. (cash services available up to 3:00 pm only) barring the banking holidays as prescribed by the New York Department of Financial Services.

- b) Have the Card and any other materials necessary for the Transaction ready before approaching the ATM. Do not search through a purse or wallet at the ATM.
- c) Secure cash immediately upon removal from the ATM. Count the cash later in the safety of a vehicle or home.
- d) Remember that activity at ATMs is recorded by a surveillance camera.
- e) When using an ATM vestibule, close the entry door immediately upon entering and exiting. Do not permit unknown persons to enter after regular banking hours.
- f) Complaints concerning security of an ATM should be directed to the security department of the bank operating the ATM, the New York Banking Department, or other governing agency.
